

PHARMACY FIRST

Pharmacy First is ideally suited for children, over 65 year olds and those who are entitled to free prescriptions. The scheme has been set up which allows people with certain ailments to go straight to their pharmacist to receive a consultation without needing to visit their GP to get a prescription first.

Your pharmacist is a qualified healthcare professional who can help with your health problems and will offer you a private space to talk with you about your symptoms. If it is something more serious, then they will direct you appropriately.

Your local pharmacist should be able to give you treatment for:

Acne	Fungal skin infections	Mouth ulcers
Allergies – skin/hay fever	Haemorrhoids (piles)	Headache/migraine
Cold sores/impetigo	Earwax	Minor burns and scalds
Conjunctivitis (sticky eye)	Head lice/scabies/worms	Cough/colds/sore throats
Indigestion/constipation/diarrhoea	Musculoskeletal pain & soft tissue injury (aches and sprains)	Paediatric fever/teething/nappy rash
Excessive sweating	Insect bites and stings	Warts/verrucae
Vaginal thrush/cystitis
